

Solar Power Generation Summary

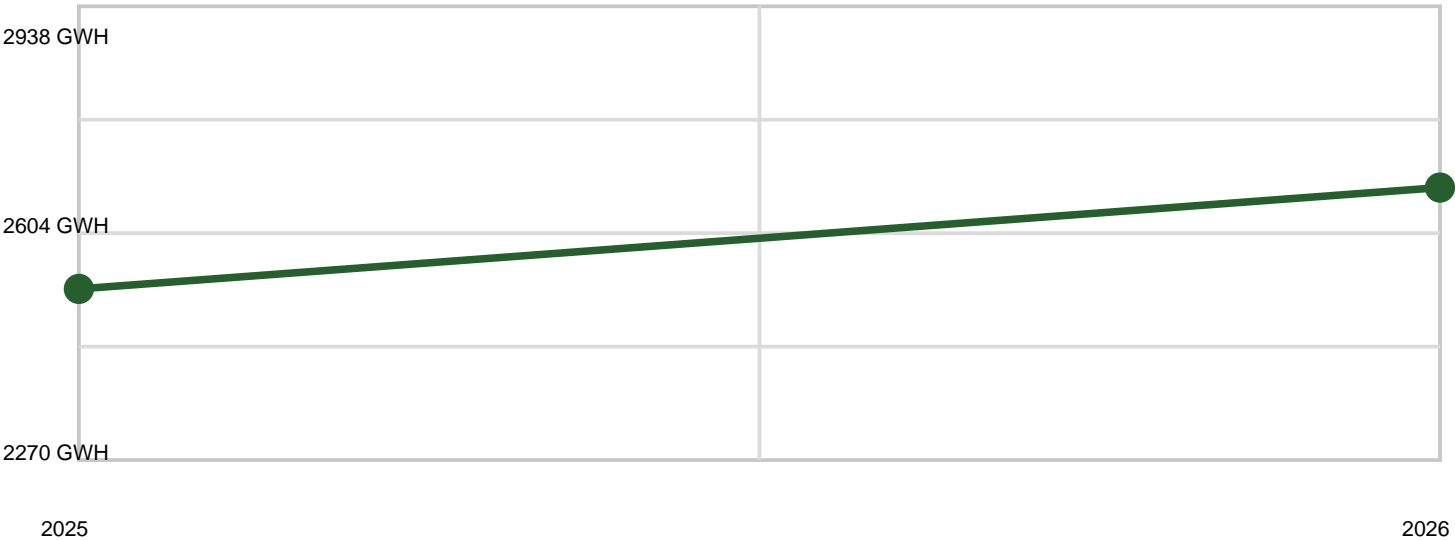

Predictive Analysis Generation projection for selected period

Current Projection

2671.0724883768708 GWH

Year	Predicted Production (GWh)
2025	2521.739018779248
2026	2671.0724883768708

Power Generation Trend
